The presented data derive from the Mandatory Notification System (MNS) of the National Public Health Organisation (NPHO). Forty five (45) infectious diseases are included in the list of the mandatory notified diseases in Greece. Notification forms and case definitions can be found at the NPHO's website (www.keelpno.gr).

It should be noted that data for June 2019 are provisional, and can be slightly modified/corrected in the future and also that data interpretation should be made with caution, as there are indications of underreporting to the system.
