The presented data derive from the Mandatory Notification System (MNS) of the Hellenic Centre for Diseases Control and Prevention (HCDCP). Forty five (45) infectious diseases are included in the list of the mandatory notified diseases in Greece. Notification forms and case definitions can be found at the website of HCDCP ([www.keelpno.gr](http://www.keelpno.gr)).

It should be noted that data for January 2012 are provisional, and can be slightly modified/ corrected in the future and also that data interpretation should be made with caution, as there are indications of under-reporting to the system.
